

Reglas para Alemania

- 1- Surname
- 2- First name / middle name
- 3- DOB Place of Birth
- 4a- Date of issue
- 4c- Issue authority
- 4b- Expiry date
- 5- Licence number
- 9- Licence classes held
- 10- Date of first issued (solo las licencias que tienen fecha o algo que lo indique)
- 12- Codigos de conditions applied to licence, escoger los que vienen indicados, que pueden ser:

01- Vision correction and/or protection device

70- Exchange of driver's license number, issued by

171- Class C1, also valid for motor vehicles of class D with a maximum permissible mass not exceeding 7,500 kg, but without passengers.

172- Class C, valid also for motor vehicles of class D, but without passengers.

79.03- Only three-wheeled vehicles

79.04- Only vehicle combinations of three-wheeled vehicles and a trailer with a maximum permissible mass not exceeding 750 kg.

79.06- Vehicles (vehicle combination) of category BE, provided that the maximum permissible mass of the trailer exceeds 3,500 kg.

79 (C1E > 12.000 kg, L ≤ 3)- Restriction of class CE due to the authorization resulting from the previous class 3 to drive three-axle trains with a towing vehicle of class C1 and more than 12,000 kg total mass and trains with a towing vehicle of class C1 and trailers without registration, where the total mass can be more than 12,000 kg and three-axle trains consisting of a towing vehicle of class C1 and a trailer, where the maximum permissible mass of the trailer exceeds the unladen mass of the towing vehicle (part not covered by C1E). The aforementioned authorizations do not apply to semitrailers with a total permissible mass of more than 7.5 tons. The letter L in this code stands for the number of axles.

174- Class L, also valid for driving tractors with a maximum speed determined by their design of not more than 40 km/h, also with a single-axle trailer (whereby axles with a distance of less than 1.0 m from each other are considered to be one axle) as well as combinations of these tractors and trailers, if they are driven at a speed of not more than 25 km/h

175- Class L, also valid for driving motor vehicles with a maximum speed determined by their design of not more than 25 km/h and for driving motor vehicles other than those belonging to classes A, A1, A2 and AM with an engine capacity of not more than 50 cm³

181. Class T, only valid for motor vehicles of class S (since 19.1.2013 AM)

197- The test was taken on a motor vehicle with automatic transmission and practical training for driving class B vehicles with manual transmission was completed.

Todo el texto debe de ir igual en tamaño y tipo, como viene el template, que es Liberation serif, tamaño 10

Si no viene fecha de expiracion poner: Indefinite

Si en la seccion 14.(10.) que esta en el reverso, viene una fecha a mano, ponerla en la seccion Any other relevant licence details: con el siguiente texto: 14.(10.) Manual entry of date of issue (fecha)

Cada pagina debe tener un sello azul

En Description of Licence class/es: en el campo {{classDescriptions}} , se debe poner solo las licencias que tiene permitida, dejando siempre las sources intactas. De estas que paso hay que escoger solo las que estan permitidas

AM - 2-wheel, 3-wheel vehicles and light quadricycles with a maximum design speed of not more than 45 km/h.

A1 - light motorcycles with a cylinder capacity not more than 125 cubic centimetres and a power rating less than 11 kW.

A2 - motorcycles with a power rating under 35 kW.

A - heavy motorcycles without power restrictions.

B - passenger vehicles weighing up to 3,500 kg and seating not more than eight passengers, in addition to the driver.

BE - vehicle of category B towing a heavy trailer of under 3,500 kg.

B1- quadricycles.

C1 - goods vehicles between 3,500 kg and 7,500 kg and for up to eight passengers-

C1E - vehicle of category C1 or B towing a heavy trailer; with a combined mass of up to 12,000 kg.

C - goods vehicles weighing more than 3,500 kg and seating not more than eight passengers.

CE - vehicle of category C towing a heavy trailer.

D1 - passenger vehicles built for fewer than 16 passengers and that is no longer than 8 m.

D1E - vehicle of category D1 towing a heavy trailer.

D - passenger vehicles for more than eight passengers.

DE - vehicle of category D towing a heavy trailer.

M- 2-wheel vehicles with a maximum design speed of not more than 45 km/h.

S - 3-wheel vehicles and light quadricycles with a maximum design speed of not more than 45 km/h.

L - Tractors designed for agriculture or forestry and used for such purposes, designed to have a maximum speed of up to 40 km/h; combinations of these vehicles and trailers, driven at a speed of up to 25 km/h; self-propelling machinery, self-propelling fodder mixer vehicles, forklift trucks and other industrial trucks, each designed with a maximum speed of up to 25 km/h; combinations of these vehicles and trailers.

T - Tractors designed to have a maximum speed of up to 60 km/h and self-propelling machinery or self-propelling fodder mixer vehicles designed to have a maximum speed of up to 40 km/h; designed for agriculture or forestry and used for such purposes (all may include trailers).
